

Govender Gallery

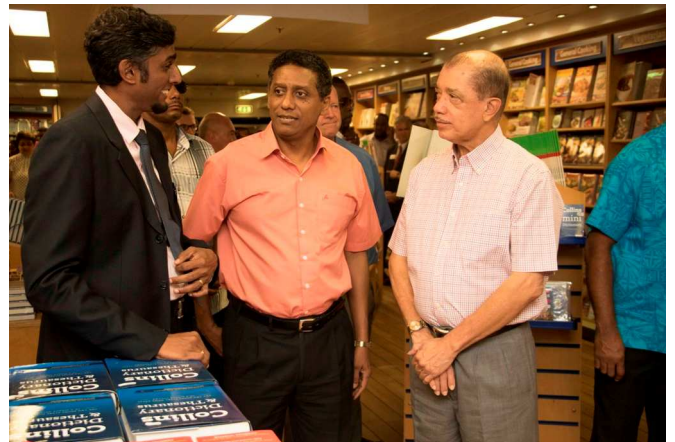

January – April 2016

MADAGASCAR
January 2016

Left: A highlight for us all was the interaction with the crew of the Africa Mercy who was berthed next to us. Here we are next to the funnel during a tour.

Right: Carlien helped out with a library project.

Dar Es Salaam, TANZANIA January/Feb 2016 ~ Right: Seelan leads Dr Joyce Ndalichako, Minister of Education up to the Official Opening. SEYCHELLES ~ Left: Seelan hosting the Vice-President and President of the Seychelles.

Maputo, MOZAMBIQUE
February/March 2016

Left: Mozambican pastors praying at a conference on board.

Right: Meeting old friends again.. the start of many lovely reunions.

There have been some big farewell for us as several families have left, and more are due to go in the coming months.

Left: a school farewell for head teacher Mr Joel Price who returned to the UK.

With the group of mums who have served two years or more on Logos Hope. By August Carlien will be the only one still on board out of this group.

Maputo, MOZAMBIQUE

Seelan had a 3 week trip to the US and Panama for Ship and OM International meetings and returned to Maputo in time to celebrate Milan's 3rd birthday with us.

Left: walking around town – a special memory for Seelan as he spent two years serving with his church here in the 90s.

And then: Logos Hope's first visit to SOUTH AFRICA began!

**Durban, SOUTH AFRICA
March / April 2016**

Left: Seelan interviewed by SABC news on the opening day in Durban.

Right: addressing Durban church leaders at the pastors' conference. We're grateful for this unique platform where he could challenge and inspire leaders of his home city.

We gave a lot of tours and hosted many family members and friends in our cabin. They were busy days but it was a joy to finally show everyone around the ship and give them a better understanding of our work and home.

Left: At the closing of the visit in Durban we had the special surprise of having the Mayor of the city at our table for the Thank You Dinner. He and Seelan had some really good conversation.

4 weeks of dry dock followed and the families and the school moved on shore. The kids loved having this grassy outdoor playground at a local church and pre-school who hosted the ship school.
